Special Lecture in Bengali on "Gender Politics"

GOKHALE MEMORIAL GIRLS' COLLEGE

Activity report of a Special Lecture

1. Name of the Seminar: Gender Equality, Mental health & Gender related issues
2. Organized by: Department of Bengali
3. Aim of the Seminar: The basic objectives were to enable students to question certain perspectives of patriarchy like -
 - A. What factors are important in the promotion of gender equality in the education sector and relevance of women conquerors who fought for their country, history and significance.
 - B. What issues are raised and why? Student groups were involved to express their position in the family, the negative coinage of rules and regulations within the family that is only applicable for the girl child.
4. Date: 15th March 2019
5. Duration in hours (approximate): 3+
6. Number of Participants (approximate): 20+
7. Name of Speakers with title of their speech, designation and Affiliation:

Name of Speakers	Title of the speech	Designation	Affiliation
Dr Anuradha Kundu	Gender Equality, Mental health & Gender related issues	Associate Professor	Department of English, Malda College

- Film 'Duggaboti' was shown on relevance of the topic. The speaker gave a brief about the topic and formed groups of students to have an interactive discussion on Gender Equality.

10. Outcome of the Seminar: Work on gender sensitization and awareness building has acquired a certain complacency, given that it circles around issues of enrolment, the relative absence of female figures or removal of gendered stereotypes in textbooks. Such work has proved to be inadequate and as some have argued just skimming the surface of a problem rather than addressing these concerns with greater depth. In order to move forward serious inquiry into curricula, content, the gendered construction of knowledge, as well as a more critical and pro-active approach to issues of gender is necessary. As 'Gender' has to be recognized as a cross-cutting issue and a critical marker of transformation in the minds of the students, this interactive learning resource turned out to be an excellent tool for proper understanding.

Session: July'2019- June'2020

Enrolment for this session was 151 for different courses. Four students got Elite certificate for scoring more than 60% and one student got the successful completion certificate for the session July'2019- Dec'2019 where as two students got the certificate for the session Jan'2020- June'2020. Srija Basu and Inshirah Ahmed from the Department of Psychology received the Course Topper prize for securing the highest marks for the corresponding courses.

The collage displays nine NPTEL Online Certificates arranged in a 3x3 grid. Each certificate is for a different course, including 'Introduction to Psychology', 'Introduction to Statistics', 'Introduction to Sociology', 'Introduction to Anthropology', 'Introduction to Geography', 'Introduction to History', 'Introduction to Political Science', 'Introduction to Law', and 'Introduction to Economics'. The certificates are issued by NPTEL (National Programme on Technology Enhanced Learning) and are signed by the respective course coordinators. In the center of the collage is a photograph of a student, Inshirah Ahmed, holding a certificate. The photograph is overlaid with a banner that reads 'Gokhale Memorial Girls' College 29th FEB 2022 Day Celebration & Selection'.

The logo of Gokhale Memorial Girls' College is a circular emblem with the college's name in English and Marathi, and the year '1962' at the bottom. Below the logo is a handwritten signature in blue ink, which appears to be 'A. K. Kulkarni', followed by the text 'Principal Gokhale Memorial Girls' College'.

GOKHALE MEMORIAL GIRLS' COLLEGE

Activity report of a Conference organized by Pashchimbanga Bangla Akademi participated by Department of Bengali

1. Name of the Conference: Ishwarchandra Vidyasagar: Jyotirmandali
2. Organized by: Pashchimbanga Bangla Akademi
3. Aim of the conference: The overarching goal of the seminar was to explore the impact and legacy of Vidyasagar, not just in Bengal but across India during the late 19th century. Specialists were asked to reflect on developments around social reform taking place in Maharashtra, South India, Assam, and the Panjab. It instantly became clear just how widely the development of Vidyasagar's vision was felt even during his own lifetime. Yet notwithstanding this important takeaway from the seminar, the decision to pursue Vidyasagar's influences attempted to foster reflection on the generalized spread of social reform across Bengal, it is hardly surprising that Vidyasagar nonetheless was the need for the hour. The department ventured to take the students for the conference where distinguished speakers would analyse and discuss the impact of Vidyasagar within the framework of this state and cultural history.

Online counseling sessions for the 3rd Year Students, entitled, "MEANING MAKING IN THE TIMES OF CORONA" via Zoom App

GOKHALE MEMORIAL GIRLS' COLLEGE

Activity report of Department-wise online counselling sessions for the 3rd Year Students

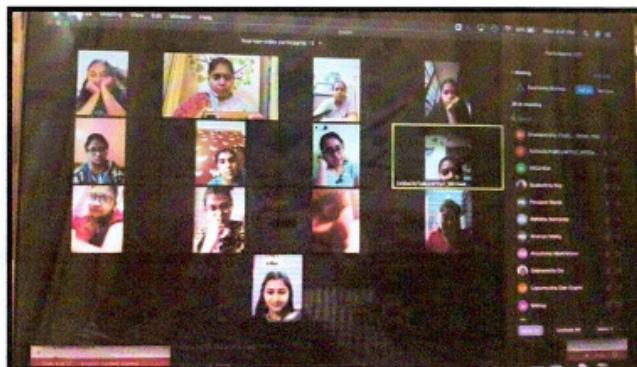

Topic: MEANING MAKING IN THE TIMES OF CORONA

An online Psychological counseling sessions for the 3rd Year Students were organized and conducted by IQAC of the Gokhale Memorial Girls' College on 09/05/2020. The pandemic had just begun and the overall atmosphere was of panic, fear and uncertainty. Amidst such pandemonium, our college wanted to stand by its students to give them hope in such times of despair. The consultation of the counselor Dr. Shatabhisha Chatterjee was unique, in a sense that though it was a group counseling session, she took individual cases and addressed their issues very efficiently. The students were very enthusiastic and feedback from the students was positive.

According to Dr. Chatterjee the important points to avoid the stress are:

1. To except the fact that one may feel stressed in this situation and deal it normally.
2. To eat and drink edibles which are healthy for maintaining good health of the body and mind.
3. To stay away from intoxicants like alcohol, cigarettes or any recreational drugs.
4. To get news updates from trusted sources to avoid fake news.
5. To stay away from news which makes one upset, ie, stay aware but don't panic.
6. To adopt activities which are both entertaining and increases skills.

One must always be in the present rather than expressing despair for the past or daydream about future, because if done so then he/she misses on what is there in front of him/her. Today makes tomorrow so if we focus on today then it will give positive results in the future, on the other hand what has happened cannot be changed then thinking about it lessens visibility of the now. So the optimum option is to be in the 'now'. Although controlling the mind is quite difficult but can be done by self analysis, and this is called mindfulness. This path can lead to potential bliss during the times of stress like these.

State-Level Webinar on topic titled, "Feminism-Issues and Concerns through the glasses of Philosophy and Literature" organised jointly by the Department of Philosophy and Literature

GOKHALE MEMORIAL GIRLS' COLLEGE

Activity report of a State Level Webinar on Feminism

1. Name of the Seminar: Feminism: Issues and Concerns through the glasses of Philosophy and Literature
2. Organized by: Department of Philosophy and Department of Bengali
3. Aim of the Seminar: To better understand what feminism truly stands for, it is necessary to look at where it all started. First-wave feminism started during the nineteenth century in US and UK. The feminists of that time were focused on gaining voting rights and property rights for women. However, with the onset of World War I, feminism escalated into other spheres. With men being sent to war, women who were previously limited to their homes began to join the workforce to earn money and keep the economy afloat. When the war came to an end, women were accustomed to their newfound freedom and refused to be sent back to the confines of being home-makers. As the times changed so did the form of feminism. New ideologies were incorporated and feminism began to evolve. During this transition some misinterpretations gave it a whole new concept and understanding.

8. Sponsoring amount: Rs 2200

9. Aim of the seminar:

The year 2020 is a Life changer. It brought us close to the realization that life is unstable and impermanent and in its true sense not within the control of any agent that we know of. The advent of the Corona Virus or the SarsCov 19 brought with it the need to take a pause and look back at the very concept of life and its counterpart "death".

The Department of Psychology, Gokhale Memorial Girls' College organized a two day to explore how being in The Pandemic state brought us close to encounter a very different state of our mind which we would otherwise seldom encounter "fear of death".

10. Outcome of the conference:

Prof Mandal highlighted on the Biopsychology of anxiety during confinement. A state which is currently most familiar to all and Prof Dhar highlighted on the philosophical concept of death from different perspectives. The seminar was open to the community and there was a huge participation from student community. The seminar was conducted in online mode through Zoom app. The presentation was followed by the question answer session which continued for a long time due to the enthusiasm of the participants. It was evident that the participants went back with a clearer concept surrounding the not so explored area of Death and its contagion.
